

Safety Procedures for Overnighting during Covid-19:

-  Please move all pet related supplies to one, easy to access area.
-  Please provide a set of clean sheets for the pet sitter. They will remove the used sheets and put them in the wash at the end of the overnight stay.
-  Your pet sitter will remove their shoes and leave them by the door.
-  Your pet sitter will be allowed to remove their mask for overnight stays.
-  Your pet sitter will always wash their hands upon arriving.
-  Your pet sitter will limit the amount of surfaces they touch, however for their comfort during extended stays they should be allowed to use the various rooms.
-  Your pet sitter will sanitize used areas every morning before leaving.
-  If a pet sitter has Covid related symptoms they will get tested and clients associated with that pet sitter will be notified. A back up sitter will finalize the pet sit.
-  Please notify us if anyone in the home is tested positive for Covid-19 or are self quarantined.
